An Attractive Book.

Poerty soon thar was to be a big meet, on that an saddle, surmounted, one wheel would be higher other Author has traveled over so much of than the other, whilst the body was on our wast western domains, and we know of no one who can so well describe what he has seen. He is always interesting, generally amusing, and, better still, invariably truthful. The volume before us is accompanied by

an accurate and minute map of the entire region beyond the Mississippi, and is elegantly printed and profusely Mustrated with over two hundred engravings from original photo-graphs and sketches from the pencils of Bierstadt, Nast, Hennessy, Darley, Fenn, Stephens, Forbes and other eminent artists, which are really beautiful and worthy of examineion as specimens of art. It is a credit to American authorship, and

Those who wish for authentic informstion of the resources, condition and prospects of the Western and greater half of the continent, within a few years to be sown thick with civilized States, rich in all the elements of greatness, should consult this most valuable Wife and mother—Don't ty; sweetie work. The writer has a charming style, a systile babie; dadie isie comic homic toic fund of humor, and his experiences are of thrilling interest. We predict for this book candie. Yes'e, wasens you darling yit- an unprecedented sale. "All Young America" expects to go West and seek their for-tunes when the Pacific Railroad is built, if not fore, and will read with avidity "Beyond
